The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for West Little York Stormwater Detention Basin community project funding in fiscal year 2025. The entity to receive funding for this project is located at 9900 Northwest Freeway Houston, TX 77092.

The project will mitigate stormwater to protect the community along Langham Creek. The neighborhoods in this area have experienced repetitive flooding due to storm events such as the Tax Day flood in 2016 and Hurricane Harvey in 2017. The project is estimated to result in a 0.28 ft reduction in water surface elevations downstream of the project during heavy rain events. The project has a Federal nexus because the proposed project consists of building three stormwater detention basins to temporarily store stormwater runoff.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Morgan Luttrell". The signature is stylized with a large, looped 'M' and a cursive 'Luttrell'.
