The Honorable Tom Cole  
Chairman  
House Committee on Appropriations  
Washington, D.C. 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Bauer Hockley Stormwater Detention Basin community project funding for the Harris County Flood Control District in fiscal year 2026. The entity to receive funding for this project is located at 9900 Northwest Freeway Houston, TX 77092.

The project will provide flood risk reduction to residential and commercial structures. Once completed, the Bauer Hockley Basin will reduce flood risks and provide storage capacity exceeding 750 acre-feet.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family. The project has a federal nexus because the detention basins are planned to receive inflows of stormwater where constructed plunge pools with native wetland vegetation will function to treat and clean the stormwater. The pools will settle out solids while the native vegetation will provide habitat for aquatic species that filter and clean stormwater.

Sincerely,

Morgan Luttrell  
Member of Congress
